Last updated: June 20th, 2020

- . **Cookies:** A cookie is a piece of information that is placed on your web browser when you access and/or use the Services that stores text and which can later be read back by the Services or third parties. They are used to recognize your browser.
- . **Pixel Tags (aka Clear GIFs or Web Beacons)** A pixel tag is a tiny invisible tag or graphic placed on certain parts of the Services, in emails or in certain other downloadable content, but not on your computer, mobile device or browser.
- . **Local Shared Objects (aka Flash Cookies)** A local shared object is similar to a cookie, except it is stored on your computer or mobile device, instead of your browser, and it can store more than just text. The methods for controlling local shared objects are different than the methods for controlling cookies (as discussed below).
- . **Web Storage (aka HTML5 Local Storage)** Web storage methods are similar to cookies but can store more information than cookies and usually store that information on a persistent basis.
- . **Cookies** Cookies may be session cookies (i.e., last only for one browser session) or persistent cookies (i.e., continue in your browser until they are affirmatively deleted). You can manage cookies through your web browser's option settings and through those settings you may be able (i) to receive notifications when you are receiving new cookies, (ii) to disable cookies or (iii) to delete cookies. Please refer to your web browser's help section for information on how to do this.
- . **Pixel Tags** Pixel tags do not store information on your computer, mobile device or browser (although they are occasionally downloaded to your computer if contained in an email or other downloadable content) so cannot be managed by you.
- . **Local Shared Objects** Local shared objects are stored on your computer or mobile device.
- . **Web Storage** Web Storage, or HTML5 Local Storage, is an industry-standard data storage technology that is implemented by browser manufacturers. Refer to your browser's help contents for procedures on how to manage settings for Web Storage.
- . **Essential (strictly necessary)** We use these technologies in a way that is essential for the operation of our Services or parts thereof. For example, we may use

cookies to determine where to route your traffic to effectively distribute the workload across numerous computers.

- . **Performance/Analytics** We use these technologies to analyze how you use our Services and to monitor our Services. For example, we may place cookies that allow us (i) to measure the time of your requests to our servers and our responses, (ii) to A/B test new features, (iii) to record statistics about site usage, (iv) to track your activities on the Services, and (v) to track the places from which you come to the Services.
- . **Functionality** We use these technologies to allow us to provide certain functionality on the Services and to remember your preferences. For instance, when you click the “remember me” box on our log in page we place a persistent cookie on your browser that allows our Services to pre-populate your email address when you return. Other examples include remembering your preferences (such as language and location preferences), preventing web application vulnerabilities, allowing for Facebook Connect and other third party integrations, and in connection with providing search results.
- . **Advertising** We use these technologies to deliver advertisements to you both on and off the Services. By using these technologies we hope to better tailor these advertisements to your interests. Sometimes this is called online behavioral or interest based advertising. Some (but not all) of the third party services that we use in this context participate in industry bodies that allow you to opt out of such use. As of the date hereof, we use technologies from Google, Bing/Yahoo, Perfect Audience, Retargeter and Qualtrics for such purposes.
- **Specific Reason:** If you provide Personal Data for a certain reason, we may use the Personal Data in connection with the reason for which it was provided. For instance, if you contact us by e-mail, we will use the Personal Data you provide to answer your question or resolve your problem and will respond to the email address from which the contact came.
- **Access and Use:** If you provide Personal Data in order to obtain access to or use of the Services or any functionality thereof, we will use your Personal Data to provide you with access to or use of the Services or functionality and to monitor your use of such Services or functionality. For instance, if you supply payment information (e.g., bank account or credit card information) to the Services for the purpose of purchasing tickets as a Buyer or processing payments as an Organizer, we will use that information to facilitate such purchase or process such payments.
- **Internal Business Purposes:** We may use your Personal Data for internal business purposes including without limitation to help us improve the content and functionality of the Services, to better understand our users, to improve the Services, to protect against, identify or address wrongdoing, to enforce our Terms

of Service, to manage your account and provide you with customer service, and to generally manage the Services and our business.

- **Marketing:** We may use your Personal Data to contact you in the future for our marketing and advertising purposes, including without limitation to inform you about services or events we believe might be of interest to you, to develop promotional or marketing materials and provide those materials to you, and to display content and advertising on or off the Services that we believe might be of relevance to you. In particular, Organizers should note that we may use information we receive or collect regarding Buyers (including without limitation via an Organizer's event registration page) in accordance with the terms of this Privacy Policy, including in the manner set forth above.
- **Organizer Emails:** We allow Organizers to use our email system to contact Buyers for their current and past events, so you may receive emails from our system that originate with such Organizers.

How can I manage these technologies?

What do you use these technologies for?

Generally we use these technologies for one of the following reasons:

Does anybody else use these technologies on your Services?

Most of the cookies and other technologies described above on our Services are set by us (aka first party cookies) or are used in connection with the Services and set by third party service providers at our direction (“Third Party Cookies”). We may use Third Party Cookies with respect to each of the uses set forth above. For example, we use technologies from Google Analytics to measure performance/analytics and technologies from Facebook to provide Facebook Connect functionality. Occasionally, a third party such as a HungamaCity organizer may use these technologies on their event pages for their own purposes.

Our Use of Information That We Collect:

We use the Personal Data we collect in a manner that is consistent with this Privacy Policy. We may use the Personal Data as follows:

If we intend to use any Personal Data in any manner that is not consistent with this Privacy Policy, you will be informed of such anticipated use prior to or at the time at which the Personal Data is collected or we will obtain your consent subsequent to such collection but prior to such use.

2. Non-Personal Data:

Because Non-Personal Data cannot be used to personally identify you, we may use such information for any lawful purpose.

Our Disclosure of Information That We Collect:

1. Personal Data:

We are not in the business of selling your Personal Data. We consider this information to be a vital part of our relationship with you. Therefore, we will not sell your Personal Data to third parties, including third party advertisers. There are, however, certain circumstances in which we may disclose, transfer or share your Personal Data with certain third parties without further notice to you, as set forth below:

Business Transfers: As we develop our business, we might sell or buy businesses or assets. In the event of a corporate sale, merger, reorganization, dissolution or similar event, Personal Data may be part of the transferred assets. You acknowledge and agree that any successor to or acquirer of MahaMaza.Net (or its assets) will continue to have the right to use your Personal Data and other information in accordance with the terms of this Privacy Policy.

Subsidiaries and Affiliates: We may also share your Personal Data with our subsidiaries and/or affiliates for purposes consistent with this Privacy Policy. Our subsidiaries and affiliates will be bound to maintain that Personal Data in accordance with this Privacy Policy.

Agents, Consultants and Related Third Parties: We, like many businesses, sometimes engage other companies to perform certain business-related functions. Examples of such functions include mailing information, ticket fulfillment, fraud prevention, maintaining databases and processing payments. When we engage another company to perform such functions, we may provide them with information, including Personal Data, in connection with their performance of such functions.

Organizers: When you purchase tickets to, register for or donate to an event or related fundraising page on the Services, you consent to our providing your Personal Data to the Organizers of such event and related fundraising page, if applicable. For fundraising pages we may provide your personal information both to the Organizer charity of the fundraising page and the Organizer of the event to which the fundraising page is linked. These Organizers are not bound to treat your Personal Data in accordance with this Privacy Policy. You agree that we are not responsible for the actions of these Organizers with respect to your Personal Data. It is important that you review the applicable policies of the Organizers of an event (and the related fundraising page, if applicable) before providing Personal Data or other information in connection with that event or related fundraising page.

Facebook and Other Third Party Connections: You can connect your MahaMaza.Net account to your accounts on third party services like Facebook, in which case we may collect, use, disclose, transfer and store information relating to your account with such third party services in accordance with this Privacy Policy. For example, if you connect with Facebook, we store your Facebook id, first name, last name, email, location, friends list and profile picture and use them to connect with your Facebook account to provide certain functionality on the Services, like recommending events that your Facebook friends are interested in and sharing the events you are interested in with certain groups of people like your Facebook friends.

Legal Requirements: We may disclose your Personal Data if required to do so by law (including, without limitation responding to a subpoena or request from law enforcement, court or government agency) or in the good faith belief that such action is necessary (i) to comply with a legal obligation, (ii) to protect or defend our rights, interests or property or that of third parties, (iii) to prevent, investigate, or identify possible wrongdoing in connection with the Services, (iv) to act in urgent circumstances to protect the personal safety of users of the Services or the public, or (v) to protect against legal liability.

2. Non-Personal Data:

Because Non-Personal Data cannot be used to personally identify you, we may disclose, transfer or share Non-Personal Data for any lawful purpose.

Your Choices:

You have several choices available when it comes to your Personal Data:

Limit the Personal Data You Provide: You can use the Services without providing any Personal Data or with limiting the Personal Data you provide. If you choose not to provide any Personal Data or limit the Personal Data you provide, you may not be able to use certain functionality of the Services. For instance, in order to open an account, or pay for ads or buy or sell event tickets, your name and email address will be required.

Opt Out: You can “opt out” of receiving MahaMaza.Net newsletter emails by logging in, clicking on “Account” and following the instructions to “email preferences.” You may modify your choices at any time in your MahaMaza.Net account. In the event an Organizer uses our system to email you, you will be able to “opt out” of receiving those communications as well. Please note that if you unsubscribe from receiving a particular Organizer’s emails, you will no longer receive emails from the particular Organizer that are sent through our system (but you may still receive emails sent by that Organizer through means other than our system), however, you will still receive MahaMaza.Net communications and communications from other Organizers whose events you have attended or are registered to attend or who have otherwise obtained your email address. Likewise, if you unsubscribe from our communications you will continue to receive communications from Organizers. So you may have to unsubscribe from multiple emails before you stop receiving all communications. You can also unsubscribe from receiving all Organizer emails sent through our system. It may take up to 24 hours for us to process an unsubscribe request. Note that you cannot unsubscribe from update communications about the Services. You can stop receiving Service communications only by contacting us at MahaMazaUsa@gmail.com and closing your account. By electing to stop receiving all communications from us or through our system you will no longer receive any updates on your account or on events you are registered to attend or have previously attended, including communications regarding refunds. We do not recommend that you do this unless you plan to no longer use the Services, are not currently registered for an event, are not currently organizing an event and will have no need to receive further communications from us or through our system. Even after you opt out of all communications, we will retain your Personal Data and Non-Personal Data in

accordance with this Privacy Policy, however, we will no longer use it to contact you. However, Organizers who have received your Personal Data in accordance with this Privacy Policy may still use that Personal Data to contact you in accordance with their own privacy policies, but they may not use our system to do so.

Do Not Track: We currently do not participate in any “Do Not Track” frameworks that would allow us to respond to signals or other mechanisms from you regarding the collection of your Personal Data.

Exclusions:

This Privacy Policy does not apply to any Personal Data collected by us other than Personal Data collected through the Services. This Privacy Policy shall not apply to any unsolicited information you provide to us or another user or visitor through the Services or through any other means. This includes, but is not limited to, information posted to any public areas of the Services, such as bulletin boards, any ideas for new products or modifications to existing products, claim or demand letters, Digital Millennium Copyright Act notices, and other unsolicited submissions (collectively, “Unsolicited Information”). All Unsolicited Information shall be deemed to be non-confidential and we shall be free to reproduce, use, disclose, distribute and exploit such Unsolicited Information without limitation or attribution.

We do not knowingly collect Personal Data from children under the age of 13. If you are under the age of 13, please do not submit any Personal Data through the Services. We encourage parents and legal guardians to monitor their children’s Internet usage and to help enforce our Privacy Policy by instructing their children never to provide Personal Data through the Services without their permission. We will hold and process your Personal Data and Non-Personal Data in accordance with privacy laws in the United States and this Privacy Policy. Please note that privacy laws in the United States may not be the same as, and in some cases may be less protective than, the privacy laws in your country.

Other Terms and Conditions:

Your access to and use of the Services is subject to the Terms of Service.

Changes to This Privacy Policy:

The Services and our business may change from time to time. As a result, at times it may be necessary for us to make changes to this Privacy Policy.
